

- Students will each know their “level” relating to the goal
- The student has to understand what the goal is-inform them of the goal
- School goal –“Learning” bulletin board
- At the conclusion of each term share growth of grades in assembly using PPT
- Share LIP and why we work on goals and how we hope it will help them
- Helping them own their goal at a personal level
- Taking a tally from the students “I want to learn” survey from start of year
- Reading road –example, posted/visual, celebration, SRC , set goals-personal, reading
- Embed the goal in daily teaching with the students
- The students need to be part of the data collection process
-
